

PFAFF

EASY BRIDAL VEIL

Create a beautiful veil for yourself or your favorite bride at a fraction of the cost using a few yards of tulle, ribbon and your serger. Attach a ready-made headpiece or create one of your own for a special, customized wedding accessory.

SUPPLIES YOU'LL NEED:

2 yards of 72"-wide tulle

7 yards of up to 3/8"-wide ribbon OR rayon rattail cord OR string pearls

3 yards cord or pearl cotton

Pfaff creative 4874 Coverlock or 4872, 4862, or 4852

Band and Braiding Foot (for ribbon) OR Beading Foot with Bead Guide (for rattail cord and string pearls) and Bead Needle Plate

Rayon monofilament thread

FABRIC CUTTING INSTRUCTIONS:

Cut the tulle into two different lengths as desired. Fold the tulle in half lengthwise and trace the edge of a plate along the open outside corner to create a curved edge. Trim along the marked curve.

LET'S GET STARTED:

RIBBON EDGE

1. Set coverlock to a 2-thread, Wide Cover Stitch.
2. Thread the ribbon through the Band and Braiding Foot and position along the edge of the tulle.
3. Stitch the ribbon to the edge of each of the veil layers.

(Cover Stitch shown from the wrong side.)

CORDED OR PEARL EDGE

1. Set up your serger with the Beading Foot with Bead Guide, a 2-thread Rolled Hem with a stitch length of 2.5 to 4 and thread the looper with rayon or monofilament thread. Replace the needle plate with the Bead Needle Plate.
2. Place the cord or pearls under the foot in the groove and position about 1/2" from the edge of the tulle. The fabric will be trimmed while serging.
3. Carefully begin stitching turning the handwheel by hand. Adjust the stitch length if necessary.

(Pearls attached with Rolled Hem)

(Rattail cord attached with Rolled Hem)

4. Layer the veils with the shorter length on the top. Place the pearl cotton 1/2" from the unfinished upper edge of the veil. Zigzag over the cord, taking care not to catch the cord in the stitching. Pull up on the cord to gather.
5. Attach the veil to a comb or head piece of your choice.
