

## Toy Bag with Felt Dog

Finished size, 35 cm x 28 cm  
(13 3/4 x 11 inches)

### Sewing Supplies

- White craft felt, 20 x 30 cm (8 x 12 inches)
- Pink sewing thread.
- Textile glue
- A piece of fabric, 40 cm x 58 cm (16 x 23 inches) (including seam allowances)
- Velvet ribbon: 80 cm (32 inches) for drawstring and 15 cm (6 inches) for the bow on the appliqué
- Pencil

### Instructions

Trace the pattern as desired.

Transfer the pattern outlines to the pre-washed craft felt. Cut out along the marked outline.

Fold the fabric piece in half, right side facing in, laying the narrow edges together. Press the fold, then unfold the fabric again. The pressed fold lies between the sections of the fabric for the bag front and the bag back.

Place the felt shape on the right side of the front section of the fabric as desired and glue it in place lightly with the textile glue. Edgestitch the edges of the felt shape in place with pink thread.

Tie a bow with 15 cm (6 inches) of velvet ribbon, secure the bow with the textile glue, then glue it to the felt shape.

Hem the upper long edge (58 cm/23 inches) of the fabric piece narrowly. Fold this upper edge to the wrong side, 4 cm (1 5/8 inches) wide, and pin in place. Edgestitch in place, thereby forming a casing for the drawstring.

Fold the fabric piece in half again (along the pressed fold), right side facing in. Sew the lower edge and the remaining side edge closed, sewing the side edge only as far as the lower edge of the casing.

Finish the seam allowances. Run the satin ribbon through the casing and knot the ribbon ends together.
